MUST WORK LIVELY TO FINISH INSPECTIONS Factory Department Has Until Sept.

30 to Close Work. Deputy Factory Inspector William E. Duncan said Monday at Hartford that with his six male assistants his department would do all it could do between now and the close of the fiscal year, September 30, to finish the inspections of all the factories in the state and the exemptation of electors. inspections of all the factories in the state and the examination of elevators. Included in the factories are the bake-shops. There are in the neighborhood of 5,000 places in the state which come under the jurisdiction of the department. The aim of the labor commissioner is to have all the places inspected at least once a year. But this inspection does not include all the visits which the deputies make to the factories during the year. In a number of instances other visits are made. It happens quite often that those in charge of a factory desire to consult with the department in regards to the attachment of safety devices to machinery and the deputy, in whose district the factory is located, visits it and makes as many visits as necessary.

Mr. Duncan said the increase in bus

Mr. Duncan said the increase in business in the factories in the state is quite marked. There is a great demand for machinists. While it is true that the increase is due to war orders, other lines of manufacturing are incidentally benefited. There is an improvement in the stockinet and woolen industries of the state.

The department gives particular stention to the condition of elevators in buildings of whatever nature. It realizes the importance of having elevators in an absolutely safe condition. There are no chances taken with an elevator. If all its machinery is not in perfect order the inspector will insist on its being make so. The owners of the buildings in which there are elevators show a commendable disposition to cooperate with the department in securing safety.

BOY'S EYE DESTROYED

BY KNIFE'S POINT He Ran Against Blade Held by His Older Cousin.

By a peculiarly unfortunate and distressing accident a three-year-old Polish boy lost his left eye on Monday Polish boy lost his left eye on Monday morning. He is Felix, the son of Josef Barszczwicz of No. 24 Second street and he was playing at his home there about 9 o'clock Monday forenoon when he ran into a cousin, a girl twelve years of age. She had a knife in ner hand and the sharp point of this struck the little fellow full in his left eye as he collided with her in his toddling walk. The knife penetrated the inner chamber of the eye and the humor escaped, and so it was found at the Backus hospital, to which the boy was takenu as quickly as possible in the ambulance, that the organ was damaged beyond help and that the damaged beyond help and that the sight could not be restored. The boy will be able to leave the hospital in a day or two, it was stated Monday night. The father of the lad is em-ployed in the job room of the Bulletin

It was stated at the navy yard that their attention was directed chiefly toward planning the arrangement of the barracks for the officers and men who are to come there in conne with the new station.

AT THE AUDITORIUM.

Elais Janis in The Caprices of Kitty. Elsis Janis in The Caprices of Kitty.

In The Caprices of Kitty, the chief of the excellent programme of movies at the Auditorium on Monday, Eliste Janis appeared ina role congenial to her character and complimentary to her character and complimentary to her character and complimentary to her character and employees which were those of visiting her artist lover's studio in costumes that were disguises only by courtesy, showed the popular Miss Janis to advantage, and everybody was pleased and happy when the course of true love, which never did run smooth, got straightened out and they lived happy ever after. The bill for the opening of the week was nicely variegated by a clever comedy, introducing Their Friend the Burgiar, and by a gripping drama, Little Miss Fixer.

On Vacation in Hartford.

Miss Elfrieda Heber, who is the efficient treasurer at the Auditorium, is enjoying a merited vacation in Hartford and environs, and during her absence her place is being acceptably filled by her sister, Miss Elsie Heber. Miss May O'Connor continues to improve daily at the Backus hospital and she is conscious and doing remarkabity well, following the automobile accident in which she was Injured nearly two weeks ago. Her condition at that time was evidently serious, but a strong constitution and excellent care have made her chance of recovery appear at present bright. Dr. P. J. Cassidy has been in charge of the case.

BETTER BABIES CONTESTS

HAVE COME TO STAY. New London County Will See Its First in Coming Fair.

in Coming Fair.

If there is a 100 per cent, baby in New London county the Better Babies contest at the county fair should bring it out, but good looks and fine clothen will have no influence on the judges, as the first two considerations in Better Babies contests are physical and mental development. The grading is done on the basis of scientific measurements and tests.

Formerly, when a mother was wise enough to study up on the care and feeding of children and tried to bring up her babies according to the methods prescribed by specialists, her neighbors laughed at her "book raised" babies. Today she can laugh at the foolish mothers who scorned scientific methods, because, in a Better Babies contest she finds that her babies are among the finest. The Better Babies contest is a comparatively new thing, but it has come to stay just as the corporation at fairs for cattle and grain and fruit have become a regular feature.

A man is now prouder to be the

feature.

A man is now prouder to be the father of a 100 per cent, baby than he is to own a prise winning bull or a blue ribbon horse. Baby is coming into his own at last, because we are beginning to realize that he is the greatest asset of the nation. PLAYGROUNDS EXHIBITION Outdoor Programmes This Week-Ex hibition in Thayer Building.

THREE SERVICE STRIPES FOR FRANKLYN T. LORD

hibition in Thayer Building.

Outdoor programmes on the playgrounds and an indoor exhibition in
the Thayer building are arranged for
this week and it is hoped that a large
number of people wiff take advantage of both.

They begin this (Tuesday) afternoon at 3 o'clock on the Mt. Pleasant
street ground, where the children of
the West Side will have their field day.
A programme of games, folk dancing
and demonstration of the apparatus
has been arranged. The folk dancing
will include the Ribbon dance and the
Maypele dance. On Wednesday afternoon at the same hour the programme
will be carried out at Lake street
playground. At 1.30 the boys will
begin the athletic contest, which is
open to all the boys of the city. The
folk dancing will follow and at 4
o'clock the Pearl street and Lake street
baseball teams will play for the baseball championship. Both teams have
been working hard for the cup and
an exciting game is looked for.

The parents and the public generally
will be welcome at the field exercises
and at an exhibition in the Thayer
building on Wednesday and Thursday
where the girls will sow the practical results of the playgrounds work in
their exhibition of embroidery, plain
sewing and basketry. The judges will
make their decision on Wednesday and
the prizes will be awarded. The girls
have taken a great interest in the work
and with the teachers have worked
hard to make their exhibition a success. Won in Single Season at Plattsburg-At Suppor with General Wood.

Increased responsibilities along with some added honors have come to the lot of Franklyn T. Lord in the military instruction camp at Plattsburg. N. Y., and when the camp is over he will have the satisfaction of showing three service stripes won in a single camp service.

three service stripes won in a single camp season.

In a recent letter to his parents, Mr. and Mrs. George T. Lord, of No. 83 Washington street, he wrote of one very pleasant experience which was also quite an honor as he was one of the camp officers who took supper with Major General Wood of the United States army, a distinction that any Norwich boy could be proud of.

Young Mr. Lord has been in charge of the camp exchange, with five men under him, the duties of the exchange being to buy the supplies for the whole camp of 1,200 men. That it is a business of considerable magnitude is indicated by the fact that in one day business of considerable magnitude is indicated by the fact that in one day the money handled in the exchange was \$3,595, all of which has to be accurately accounted for. So satiswactory have Mr. Lord's services been in this duty that the commanding officer has made request that he be allowed to stay for the next camp, which will keep him at Plattsburg till Sept. 16, leaving about a week between that date and the time when he must return for his last year at the New York Military academy at Cornwall

The Norwich

Business College

Fall Term Opens Wednesday, Sept. 1st

There are hundreds of ways of making a living; but the best way is in the path that leads from a good BUSINESS COLLEGE. Here the chances to rise are numberless.

The result of a boy's or girl's going out into the business world depends to a very great extent on the care and ability of the INSTRUCTORS.

The Instructors in this school are the best obtainable.

The best place to secure information in regard to this school is at its headquarters, and not from any outside information.
